Excise Commissioner's No. 1717-24/79

dated 12th/16th October 1894

In reply to the above has the honor to state that prior to the receipt of the Government Proceedings referred to in the above, it was meditated to open a drug shop at Kadur as it is a Taluk Kusbah, and there are many consumers of the drug both in the town and its vicinity, and subsequently after the receipt of the Government orders a shop at Kadur has been ordered to be opened for the Sale of the Ganja and Opium.

2. With reference to the closing of superfluous shops named in para

7

7 of the said Proceedings, the one at Chikmagalur has been closed since December 1893.

3. Of all the drug shops in the District only the one at Ajjehalli held no license for the sale of Opium, but orders have since been issued authorizing the sale of the same there.

4. Further to state that a drug shop was opened at Ajjampur last year, and the Government Proceedings under reference mentions nothing about it. Under the present classification it would fall under the head of 4th class shop, and the undersigned would like to know whether this shop is to be closed or retained.

The classification rules have been brought in force for 92/93 for the whole Province & it is therefore undesirable to make an exception in the case of Nanjangud the sales which appear to have fallen from Rs 62 in 92/93 to 38 in 93/94 and no explanation has therefore been rendered. It is therefore to be classed in common with other shops as exhibited in the Proc: order of Govt under report subject to revision at the close of the year as directed in para 5 thereof.

2- It was not clear why the shop with the least sales was included in the case of the nos 3, 4 & 5 instead of that of No 2 Puttanna whose sales are 99 annually & who pays the same as the former shops.

3- It should be explained why a 2nd shop has been opened in the Yelandur Taluq & whether it was not preferable to remove that to Yelandur.

4- It should be borne in mind that Ganja shops should be given as few facilities as possible & only where absolutely necessary. Every shop is likely to attract custom & it was not the intention of Govt that the number of shops should be increased. Before any new shops are opened in Govt villages the Collector should be consulted & his opinion recorded.

Bangalore.

Sir,

With reference to Government Proceedings No. 4489-98 / R.F. 176-92, dated 9th September 1894 regarding the classification of Ganja Shops, I have the honor to report as follows:-

The total number of Ganja Shops now in existence in the Mysore Town and District is in all 27, ie 7 in the Mysore Town, and 20 in the mofussil. Four will be cancelled, 5 will be classified as follows:- the remainder being

(6?) 9.B

4th class paying no fees.

Mysore Town 4 1st Class shops at Rs 10/- } Rs 40

Ganja 1 3rd class at Rs 2 — 2

42

In list A attached to the above Proceedings the Shop at Kanjangode has been classified as a 3rd class shop, but according to the Statistics of Sales during the year 1892-93 and 1893-94, the income derived therefrom amounts on an average to Rs 7-4-0 and it has therefore been treated as a 4th class shop.

With reference to para 8 of the above Proceedings I beg to state that there is a Ganja shop at present at Hedatore, that Vendor has agreed to sell Opium also, and a license will be issued in due course Similarly the Opium Shop keeper at Chamrajnagar has accepted to sell Ganja also in addition and a license will be issued shortly.

There is at present a Shop selling

Para 8

2 Shops

selling both the drugs at Agara (not Iramballi), in the Ayellandoor Taluk, and another has recently been opened at Ayellandur Kasba also

All the Taluk Kusbas shewn in list C, have now Ganja Shops attached to them, with the exception of Mandaya; arrangements are being made through the Amildar, for opening out one.

One month's notice has been given to Shopkeepers for closing the superfluous Shops as directed in para 7 of the above Proceedings

A Statement shewing the classification of Shops in this District, is herewith attached.

I have the honor &c

Sir,

In forwarding, herewith, Copy of letter No: 1888, dated 25th instant, together with its original enclosures, from the Deputy Commissioner, Mysore District, I have the honor to request that under the circumstances therein explained, sanction may be accorded to bring the Ganja shops in Mandi Mohalla and Errungherry of the Mysore town under 2nd class.

The Deputy Commissioner
Mysore District

To,

The Excise Commissioner
in Mysore
Bangalore.

Sir,

With reference to Government Proceedings No: 4489-98 / R.H. 176-92, dated 9th September 1894, regarding the classification of retail Ganja shops in the Mysore Town, I have the honor to forward for consideration and orders the enclosed petitions from the retail shop keepers praying that their fees may be fixed accordingly to their income, and to state that in Mysore there were originally 7 Ganja shops paying one rupee license fee per mensem for each shop. The Government reduced the number of shops to four and classified them as first class and charged them with a license

license fee of Rs 10/- for each shop.

In para 3 of the Proceedings it is said that shops fetching an income of Rs 29 and above were classified as first class on the average sales of 1892-93, but the fact that the income of the one shop alone was Rs 43/11/- does not seem to have been noticed. If this sum is deducted from the income of all the shops put together viz: Rs 110/2/- and the balance divided among the remaining three shops the average income does not go up to more than Rs 22/- which is less than the minimum of Rs 29 fixed for a 1st class shop.

Calculating upon the above basis, each of the 4 shops is now made to pay Rs 10/- per mensem, after the introduction of the new scale of fees the average income of each shop keeper from January to March 1895 is as follows:—

Amance

Amanee — Rs 61.

Marry Gowda — " — 28.

Puttannah — " — 22.

Papannah — " — 18.

The first two shops are in Sivarampet, and it is there the shops command the largest sales and they may be kept on as 1st class shops. The other two situated in Inundi Mohala and Errnigherry where the sales are low may be classified as 2nd class.

These last two shop-keepers have not paid the license fees as per rules, and have put in petitions requesting to classify their shops according to their income, their request seems reasonable.

The Assistant Supervisors Memo together with statements are herewith submitted for perusal and return for record in this office.

Memorandum Submitted to the Deputy Commissioner for order

With reference to Government Proceedings No. 4489-98 / R.T.176-92 dated 9th September 194, directing the Classification of Ganja shops with reference to income and the levy of permanent license fee according to a fixed slabwise scale. Beg to submit that according to the above Proceedings four 1st Class Shops have been determined for the Mysore Town and each made to pay a fee of Rs 10 — irrespective of the increase & decrease in sales.

From the enclosed Statement of sales of Ganja for the last quarter ending 31st March/95 of the Mysore Town, it will be seen that only one out of the four Shops whose monthly income is about Rs 29 Could be brought under that of the 1st Class, while two under 2nd Class and one under that of a 3rd Class respectively.

It was anticipated that the Cancelling of the 3 superfluous shops in the Town would have been a source of improvement in the sales, and that it would have given the present shop-keepers a more liberal rate of income than what they were getting in previous years, but on perusal of the accounts it clearly shows that

this

this procedure has not had the desired
effect, as the sales remain very much
the same, with little or no difference,
at least, not to such an extent as to
make them eligible for paying 1st Class
fees, two out of the 3 Shop-Keepers —
whose monthly average income is far
below Rs. 29, plead their inability to
pay the prescribed fee of Rs. 10 per
month or Rs. 60, a quarter now fixed
by Govt: and pray that they may be
allowed to pay fees according to their
monthly sales which application I
think is very reasonable and deserves
consideration, as it would certainly
be very hard to compel them to pay
the highest rate of fees when their
actual income entitles them to be
placed under the 2d or 3d Class and
pay the fees prescribed for such
Classes Viz: Rs 5 & 2.

Even if a comparision be
made between the Sales of the present
and previous years none of the present
Shop-Keepers (excepting in one case) are
eligible to pay the highest rate of fees
now fixed by Govt; and it is
therefore very desirable to fix the fees
according to the Sales in Each Shop
instead of keeping one & all alike,
in which Case I would respectfully
beg to suggest for approval and —
Sanction that the following Classes

of

of Canjee be adopted [redacted]
Town, viz. one 1st Class on Rs 10, and
3 Second Class on Rs 5, Each, of Course
in Case the Sales in any of the Shops
exceed the income (which is uncertain) fixed for that of
the 1st Class Shop the difference of
any, can be recovered.

This in my humble Opinion will
not only give the Lic: holders a more
liberal income, form a livelihood,
but will also facilitate Regular and
punctual Payments of fees which is
at present very difficult to collect.

I beg also to bring to notice that
one of the present Shop-Keepers named
Puttamah is a man of no means
whatever, he has neither paid the
Opium or Ganja Licence fees up to date
though repeated demands & notices
were made and issued on him, the
rules therefore could not be enforced
as the man possesses no property what-
ever for attachment, it would be to
the interest of Govt; to Cancel both
his Opium and Ganja licences altogether
and give it to a man of better means
if any body chooses to take it up so as
to enable Govt: Officials to recover the
fees regularly.

Two petitions one from Papamah,
and the other from Puttamah are
herewith submitted for orders, and I beg
that a reference be kindly made to the

license fee per annum
for each shop. The Govt:
reduced the No:
of shops to four & classified

If this sum is
deducted from
the income of all
the shops put

does not come
to above £22 which is less
than £29 the
limit of £29

shops. Calculating upon a wrong basis, each of the four shops is now made to pay Rs10 per diem.

After the introduction of the new scale of fees, the income of the shops from day to day is as follows.

Amaravati — 61 Rs0
Bhatiprolu
Ingarjipalem — 28/12/ Rs0
Puttamraju — 22/4 Rs0
Pahamraju — 18/0

The first two shops are in Srivanipet & it is these shops that command the largest sales & they may be kept on as 1st class shops. The other two situated in Inamdi Seshalla & Eppanpoi where the sales are low may be classified as 2nd class. Expenses

Sir,

In reply to the late Officiating Chief Secretary's docket No. 1963 / R.F. 70-94, dated 3rd May 1895, I have the honor to state that the classification of both the Opium and Ganja shops as per Government Proceedings No. 549, dated 27th June, and No. 4489-98 / R.F. 176-92, dated 9th September, 1894, was brought into force in the City of Bangalore only from 1st January 1895, all the 3 Drug shops therein being classed as 1st Class, and a uniform monthly License fee of Rs 20/- (for both Opium and Ganja) recovered from each of the License-Holders for the two

two quarters ended 30th June 1895, irrespective of income; and that no dual rates of License fees were prevalent. As the Drug shop No. 3, in which the income from the sale of Ganja was the least, was not closed till the 1st instant, the income from Ganja in one of the remaining two shops, viz Shop No: 2, did not come up to the scale fixed for a 1st class shop. Under such circumstances, a statement, showing the average monthly income in the said 3 Drug shops and the amount of License fees recovered from each of them, and the difference to be now remitted in favor of shops Nos 1 and 3 as per para 2 of your docket No $\frac{23344}{R.F.\ 70-94}$, dated $\frac{15th}{17}$ June 1895, is herewith submitted. A similar Statement for the Mysore town will be sent in due course.

no doubt but that the income in the 2nd. shop from the year 1895-96 will be such as to place it in the 1st. Class.

3. The shops have to be recal reclassified as

per

per columns 6 and 10 in the accompanying Statements A and B in accordance with the consumption of the respective drugs in the year 1894-95. The consumption will similarly fluctuate every year which will necessitate frequent reclassification and perhaps also the refund of a portion of the License fees collected. Besides this defect, the present System involves minute enquiries and examination of the Shop-Keepers' accounts and unnecessary interference with their transactions by Excise officers; and it is also calculated to foster the growth of objectionable monopolies. There seems to be no reason why competition should not be encouraged by selling at public auction, as in British territories, the right of the vend of opium and Ganja as in the case of Arrack, Toddy and Country Beer. The opium Rule XIV in Government Notification No. 64 dated 4th February 1880 provides that the monopoly of retail vend at Shops shall be sold for such fee as the

the Government may fix, or put up to auction at the commencement of each official year, and the shops shall be disposed of singly or in groups as the Deputy Commissioner shall direct. The opium Rule XVII provides that with the sanction of the Commissioner, the Deputy Commissioner may farm the duties leviable on the sale of opium by retail. It is desirable that similar provision should be made in the Ganja Rules which have not yet been published by Government. The results of auction sales would determine the amount of License fee payable for each shop. At present, drug shops are put up to auction in some Districts where more than one application are received for one and the same shop. On inviting the opinions of the Deputy Commissioners, some have recommended the farming system in regard to all drug shops generally, while others only in the case of the shops in towns. I beg to submit the marginally noted correspondence containing the views of the Deputy Comrs. It is true that in some shops the consumption of the drugs is meagre, indicating that it

it is not worth the trouble of keeping the shops. I have however reason to suspect that contraband drugs are secretly sold in some though not in all, of such shops. I am of opinion that auction sales would in a great measure put an end to all malpractices. If there be no bids at all for any single shops, then it should be inferred that no public demand existed for them, and that they ought not to be opened. If no one comes forward to purchase any single shops whose continuance may be considered necessary, the shops may be grouped together and sold as "Vend Farms" instead of as "Separate Farms".

2. Under the above circumstances, I beg to solicit the sanction of Government to introduce the auctioning system in regard to Opium and Ganja shops from the year 1896-97, at least as an experimental measure.

Sir,

With reference to your No. 5593–600/282, dated 22d June 1895, I have the honor to forward, herewith, statements showing the consumption of Opium and Ganja in the Bangalore District for the year 1894–95. In the Statement I have shown the class under which each shop falls with reference to consumption monthly, quarterly and annually. Upon these statistics, I would classify the shops for the year 1895–96 as follows:—

A. Opium Shops	Class	Fee.
1 City Shop No. 1.	I.	120 Rs.
2. — do — 2	I.	120 Rs.
3 — do — 3	I.	120 "

Bilij drug shop No 1 sold a little less than what is required to fall in the 1st class but the difference i.e Rs 6 in the year is very small. Ganja Shops at Closepet and Nelamangala are in the Govt. prop classed as 4th class Shops. Upon the consumption of last year I propose to bring them under the 3rd class. An opium shop at Sulebele and Ganja Shop at Sulebele and Gudemaranahally are shops that

that exist at present though their names do not appear in the lists attached to the Govt Proc. It is the Hosker Shop that has been transferred to Sulebele and Gudimaranahally shop was newly opened last year

3. Fees at first class rates have been collected from the three drug shops in the Bangalore City for the last two quarters of the past year, both for Ganja and Opium licenses, amounting to Rs 360/. The Head Supervisor who did not collected ~~to do so~~ Opium license fee for the first two quarters has been ordered to do so. As only 694 and 517 Seers of Ganja have been sold in City Shops Nos I and III respectively, I would like to classify them in the 2d and 3d class for the period and to refund them the difference of fees viz Rs 30 and Rs 48 respectively I would also return Rs 30 to the Opium Shop at Closepet which is classed in the 2d class as upon its consumption it falls only in the 3rd Class. No Ganja Shop in the District falls in the 3rd Class except the one at Nelamangala for

for the 2d half year and Rs 12 is levied on it.

4. I have not much to say either for or against the new System as it worked last year, as I think that 6 months is too short a period to afford opportunity for report with confidence.

5. Referring to para 3 of your letter, I think that it is not worth while to put up most of the drug shops to auction as the profits are very small. The auction System may, however be tried with advantage for the first class shops.

Sir,

With reference to your docket No 5593-600/282, dated 22d June 1895 calling for opinion as to how the System of classification of Ganja

and

and Opium Shops has worked in the District and whether the right of vend in such shops may be sold by public auction, I have the honor to forward herewith, Statements showing the consumption of Ganja and opium in each of the drug shops during 1894-95, and to state that it is too early to form a correct idea of the working of the shops under the new System of classification. I have issued orders to the Amildars to give them a fair trial for another year.

2. The opium shops in the District on which fees are levied have been classified as follows:—

Locality of Shop	Class of Shop	Amount of fees payable per annum
Kolar Town	2d. Class	36.
Bowringpet	do.	36.
Oorigaum	do.	36.
Chickballapur	do.	36.

By this arrangement 4 opium Shops will only be leviable to pay a license fee as prescribed by Govt, the remaining shops will for the present have to pay nothing as

the

the sales fall below 4 4/15 seers per mensem.

4. The Ganja Shops have also been classified as shown below. The fees have been levied on them according to the income derived from each shop.

Name of Shop.	Class of Shop.	Amount of fees payable per annum
Kolar	III class	24 Rs
Chintamani	do.	24 Rs
Chickballapur	do	24 Rs.

His docket No. 5593-600/282 of the 22d June 1895 calling for a statement showing the consumption of opium and Ganja in this

this District during 1894-95 with a report as to how the system of classification now in force has worked in the passed year and whether any improvement is necessary in it

Has the honor to submit herewith two statements marked A and B showing the Consumption of Opium and Ganja in the district during the year 1894-95. It will be seen that with the exception of the Opium Shop at Trunkur falling under class II and the two Ganja Shops at Trunkur and Tiptur falling under class III; the other Shops in the District are all in the 4th class and pay no fee to Govt. The Consumption in these shops is trifling and the profits of the Shop-keepers are consequently insignificant. The rules introduced last year in regard to these Shops have given satisfaction. Should it however be decided to farm the right of vend by public competition the undersigned would advocate the introduction of the system only to the Kasba town of Trunkur and perhaps to Tiptur also if the Consumption there continues to increase

Sir,

With reference to your docket no 5593-600/282 dated the 22d June 1895, requesting to be furnished with a Statement showing the consumption of opium and Ganja in each of the drug Shops in the District, I have the honor to enclose two Statements (marked A and B) giving the information required. It will be seen therefrom that with the exception of 2 drug Shops in the Mysore Town, the fees recovered from all the others in the District are commensurate with the Sales therein. The two shops of Mysore which are in the divisions called Mundy Mohalla and Eraugere and in which the sales are low may, I think, be reduced from the 1st to the 2d Class.

2. With regard to the farming of these shops as in the case of Arrack and the Toddy

shops

shops, I beg to state that the Assistant Superviser says:—

"The majority of the outlying shops in the District are of little or no importance. It would therefore be of no advantage to attempt it, as it may probably tend to the closing of such superfluous shops altogether for want of competition and besides some of the shops being rent and the sales being so low I dont think anybody would come forward to compete for them if they were to be put up to auction. I would however recommend that in localities where shops command higher sales or such shops classed under 1st, 2nd and 3rd classes may I think with advantage be farmed out leaving the other superfluous shops untouched for the present".

I am unable to give my opinion in the matter as I am yet new to the District, but I may nevertheless add that I agree with you in thinking that the system of farming has the advantage of doing away with all interference with these shops.

Sir,

With reference to your No. 5593-600/282, dated 22d June 1895, I have the honor to submit a 1st July statement showing consumption of opium and Ganja in the shops in this district. It will be seen from it that the Hassan opium shop which had been placed in the second class falls slightly below that class and that the Saklespur shop placed in the fourth class comes under the third. As regards Ganja, the Hassan and Saklespur shops fall under the 3rd class.

2. I do not think it desirable to make a refund retrospectively for the Hassan opium Shop. The man accepted the classification and the license and should bear the loss as he would have been entitled to profit by the gain.

3. The present system of classification and levy of license fees for the higher classes of Shops has so far worked well. To sell only particular classes of Shops by auction would not do away with an examination of the accounts which it is desired to dispense with. It would, therefore be desirable to sell the Shops throughout the District. I was doubtful whether there would be a demand for the less important of them. But it will be seen from the enclosed (to be kindly returned) Darkast that there will be bidders if the right to sell drugs is put up to auction for the whole district.

Sir,

With reference to your letter no 5593-600/282 dated 22d June 1895. I have the honor to enclose herein a statement showing particulars of the consumption of Ganja and Opium in the Drug Shops of the District during the year 1894-95, together with the amount of expenses incurred and the net profit accrued therefrom, and to state that the amount of license fees paid by the Shop-keepers has been reasonable and there is no necessity for the refund of any part thereof. But as the necessity of some of the shops is doubtful I am of opinion that your suggestion of putting all those shops up to auction separately at say an upright price of Rs 10/- would be the fairest means of ascertaining whether they

are

are actually needed. this would also be the best means of determining the future amount of license fees to be fixed.

From the Statt now submitted Chickmagalur may be changed from II to I class and Aldur and Sarikere from IV to III class.

Sir,

With reference to your docket No. 5593-600/282, dated 22nd Ultimo, I have the honor to forward herewith, two Statements showing the Consumption of Ganja and Opium in each of the Drug Shops in the District for the year 1894-95, and to state that no fees were recovered for such of the Ganja Shops as were liable to pay fee according to the classification, as the shops had been sold before the receipt of the Govt Proc No. 4489-98/RE 176-92 dated 9th September 1894 and hence there is no necessity for a refund. Fees on opium licenses have been levied.

I concur generally in the force

of

of the remarks made by the Excise Comm, but would urge on the other hand, that sales are apt to generate rivalries and unhealthy competition tending to induce increase of the bids. The successful competitor will then be compelled to have recourse to malpractices for reimbursing himself. I think therefore that disposal by auction may be allowable in cases of town and other shops with large sales and that it is inadvisable in in the cases of those established in Taluk Kasbas and villages.

2. It would appear from them that the Consumption of the drugs in these shops, which are all of them of the 4th class excepting Damargee & Chittal drug is so small that there is no likelihood of any competition forthcoming for those shops. In Damargee and Chittal drug some skilled labourers from Northern India are making a temporary sojourn in connection with Sanitary and other works that are approaching completion and they cannot be depended upon to make a permanent stay. The undersigned is therefore not prepared to recommend the shops in these two places being placed in a class higher than what has now been assigned to them.

Letter No 2674—253, dated 19th December 1895, from the Excise Commissioner in Mysore, submitting a report on the working of the present system of classification, together with a statement showing the consumption, of Ganja and Majam, and recommending the introduction of the auctioning system from 1st July 1896.

No. 93-94, DATED, CAMP MYSORE, 11TH APRIL 1896.

ORDER THEREON.—The system of classification sanctioned in Government Proceedings No. 4489-98—R. F. 176-92, dated 9th September 1894, has not been tried sufficiently long to justify its being so soon condemned and re-placed by a system of auction sales. Government are not, therefore, prepared to accept the Excise Commissioner's recommendation in its entirety. There is, however, nothing to prevent shops in selected localities being sold where there is a likelihood of *bonâ fide* competition. (Purchasers at such sales will not, however, be exempted from payment of license fees.)

2. The experience gained during the past year has led to certain modifications being suggested in the classification of shops. The Excise Commissioner's suggestion will be accepted and the classification of shops amended as shown in the appended list.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. and Rev. Depts.

Sir,

Adverting to the marginal extract from Government Proceedings

> "There is, however, nothing to prevent shops in selected localities being sold where there is a likelihood of bona fide competition. Purchasers at such sales will not, however, be exempted from payment of license fees."

No. 93-94/Camp (11), dated the 11th April 1896, in re Ganja Shops (received on the 8th instant) I have the honor to state with due deference to the order of Government that the items of Excise Revenue leviable on intoxicating drugs under the provisions of the Excise Act are the following:—

Vide Councillor's remarks on page 4 of Serial No: (34) on R.P. No: 120 of 93-94 [illegible]

(1) Duty under section 11 of the Excise Act

(2) License fee for retail vend, either fixed under the rules framed in accordance with clause (b) of section 55, or determined by the result of auction sale or of inviting tenders for farming such fee under section 16, under the rules framed according to clauses (b), (c), (d) and (g) of Section 55.

2. When a shop in a selected locality, i.e the license for the right of retail vend therein, is put up to public Auction, the amount of the highest bid accepted for the shop, would represent the license fee payable for it, as in the case of a "Separate Arrack Shop" so that the

license

license fee instead of being fixed as under the "System of classification", is determined by the result of the auction sale. But if, as per underlined sentence in the marginal extract, the approved highest bidder for the shop, be required to pay the license fee under the "System of classification", in addition to the license fee determined by the result of the Auction sale, such payment, I respectfully submit, would not only be redundant, but also be inconsistent with the "Auctioning System" which is now in force in regard to the Major heads of Excise Revenue, viz Arrack and Toddy. Under such circumstances, I beg to solicit that the aforesaid order of Government quoted in the margin, may be modified by

by escempting such shops as are sold by Auction from liability to pay license fees in addition.

The bill has now been fwd with the Certificate of the Dt. Treasury Officer duly endorsed thereon—

The refund proposed as regards Shops Nos 1 & 3 may be sanctioned. The shops were all treated as 1st Class at the commencement and license fees levied as such but subsequently when the actual income was ascertained it was found that Shop No 1 fell under Class IV and No 3 under Class III. Hence the necessity for the refund—
